

(B) include in each manpower requirements report submitted under paragraph (3) a complete justification for converting from one form of personnel to another.

(d)(1) Congress shall authorize the average military training student loads for each component of the armed forces. Such authorization is not required for unit or crew training student loads, but is required for student loads for the following individual training categories—

- (A) recruit and specialized training;
- (B) flight training;
- (C) professional training in military and civilian institutions;
- and
- (D) officer acquisition training.

No funds may be appropriated for any fiscal year for training military personnel in the training categories described in clauses (A)–(D) of any component of the armed forces unless the average student load of that component for that fiscal year has been authorized by law.

(2) The Secretary of Defense shall submit to Congress a written report, not later than March 1 of each fiscal year, recommending the average student load for each category of training for each component of the armed forces for the next three fiscal years, and shall include in that report justification for, and explanation of, the average student loads recommended.

(e)(1) The Secretary of Defense shall submit to Congress a written report, not later than February 15 of each fiscal year, with respect to the operations and maintenance of the Army, Navy, Air Force, and Marine Corps for the next fiscal year. The Secretary shall include in each such report recommendations for—

(A) the number of aircraft flying hours for the Army, Navy, Air Force, and Marine Corps for the next fiscal year, the number of ship steaming hours for the Navy for the next fiscal year, and the number of field training days for the combat arms battalions of the Army and Marine Corps for the next fiscal year;

(B) the number of ships over 3,000 tons (full load displacement) in each Navy ship classification on which major repair work should be performed during the next fiscal year; and

(C) the number of airframe reworks, aircraft engine reworks, and vehicle overhauls which should be performed by the Army, Navy, Air Force, and Marine Corps during the next fiscal year.

(2) The Secretary shall also include in each such report the justification for and an explanation of the level of funding recommended in the Budget of the President for the next fiscal year for aircraft flying hours, ship steaming hours, field training days for the combat arms battalions, major repair work to be performed on ships of the Navy, airframe reworks, aircraft engine reworks, and vehicle overhauls.

(f)(1) In subsection (a)(6), the term “military construction” includes any construction, development, conversion, or extension of any kind which is carried out with respect to any military facility or installation (including any Government-owned or Government-leased industrial facility used for the production of defense articles and any facility to which section 2353 of this title applies), any ac-
